

SCHOOL HANDLE

<https://www.schoolhandle.com/>

The SchoolHandle cloud based ERP System provides user-friendly dashboards with login access for teachers, non-teaching staff, students, parents and management personnel of your institution. The various modules available in KLIK SchoolHandle facilitate all the processes of your institution, from admission of new students to generating transfer certificates when students complete their studies.

We provide modules to manage timetable, attendance, examinations, gradebooks, campus news, library, transportation, school calendar, events and many more. The finance module helps you to plan and allot different fee structures to students. SchoolHandle is also an excellent collaboration tool using its task, discussion and it has its internal messaging system within the software.
